PROFILE

I am a full-stack web-developer and a high school leaver who is currently focused on improving my web development skills by learning consistently and applying new knowledge. I hope to obtain a wide variety of experiences by getting into the web development industry to contribute to organisations and gain industrial experience. I have a strong background in django and python which allows the development of production ready web applications that cater to customer's needs. I also have a strong background in using tools such as bootstrap and tailwind to develop my applications' frontend quickly.

SKILLS & TOOLS

I'm proficient in the use of the following tools:

Frontend

HTML, CSS, Javascript, Bootstrap, Three Js, React, Tailwind css.

Backend:

Python

Django

Miscellaneous

Git/Github

Postgresql

NPM (Node Package Manager)

Brew

EXPERIENCE

Completed Projects

Completed the following personal projects with skills and technologies listed below. The source code for these projects can be found on my github:

<https://github.com/tolubori07>

●BrainStorm: A forum like web app where users can register, create rooms and send messages on their favourite topics built with HTML, CSS, Javascript, Django, Python and uses a postgresql database

<https://code0.onrender.com>

●Zaggi: An Online marketplace for a Clothing brand. Built with HTML, CSS, Javascript, Django, Python, Bootstrap and a postgresql database. <https://zaggi.up.railway.app>

●Phone Book: A contact web app where users can store their contacts, add to their emergency contacts and add to favourites. Built with HTML, CSS, Javascript, Django, Python, Bootstrap and a postgresql database

EDUCATION

Co-op Academy, Stoke-on-Trent, Staffordshire

January 2021 - June 2023

| | |
|------------------|---|
| Mathematics | 8 |
| Computer Science | 8 |
| Chemistry | 8 |
| Biology | 8 |
| English language | 6 |

HOBBIES

- **Basketball:** As 6 ft 3 inches, I naturally play basketball at my spare times which further boost my teamwork spirit and discipline.
- **Volunteering:** Currently volunteering to maintain the website for an organisation called Muslim Forum of Britain.
- **Reading**
- **Coding**

● **Weatherio:** A weather app that fetches current weather data for 200,000+ locations from the openweather api. Made with React and Tailwind.

QUALITIES

Leadership

As a dedicated leader, I have consistently demonstrated my ability to inspire and guide others. During my time as a year 10 and 11 pupil, I assumed the role of a mentor, assisting numerous year 7 students in their transition to the school environment. I provided unwavering support, both academically and socially, helping them feel comfortable and welcomed in their new surroundings. This experience not only highlighted my capacity for leadership but also showcased my empathy and commitment to helping others thrive. It reinforced my belief in the importance of leading by example and fostering a sense of belonging within a team or community.

Teamwork

I am a dedicated and collaborative team player with a strong commitment to achieving collective success. My leadership experience leading the "Co-op young leaders" team not only earned me the school's prestigious Bronze award but also allowed me to accrue over 40 hours of volunteering. In this role, I orchestrated a diverse team of volunteers to provide exceptional student-led support for school open days and other key events. Through effective delegation, transparent communication, and leveraging each team member's unique strengths, we consistently delivered outstanding results. My ability to foster a spirit of unity and cooperation within the team was instrumental in our accomplishments.

Communication

I possess strong communication skills, which I have honed through various experiences. In my role as a mentor to year 7 students, I effectively conveyed information, provided guidance, and offered support to help them acclimate to their new school environment. Additionally, as a leader of the "Co-op young leaders" team, I facilitated clear and open communication among team members to ensure the successful coordination of school events. These experiences have allowed me to develop the ability to articulate ideas clearly, actively listen, and collaborate effectively with others, both in academic and extracurricular settings.
